Trade Facility No. 02/2021

Subject: Mandatory uploading of documents in e-Sanchit - Reg

Kind reference is drawn to **ICES Advisory 02/2021 dated 14/01/2021** (Copy Enclosed) vide which the following stipulations were communicated:

1. **Mandatory uploading of the documents in e-Sanchit :** In terms of the Board Circular No. 55/2020-Customs dated 17.12.2020, uploading of certain documents in e-Sanchit and declaring their IRN Numbers in the Bill of Entry will become mandatory for certain import items (CTHs) w.e.f. 15.01.2021. In terms of the above Board Circular and further details provided by the Board, details of the CTHs and corresponding mandatory Doc codes are enclosed in Annexure I (of the ICES Advisory 02/2021). System would also subsequently put a check to disallow filing of BEs without these Doc codes for applicable CTHs.
2. **Mandatory uploading of documents for items requiring clearance from Drug Controller :** As per the requirement of the office of the Drug Controller, for all items requiring regulatory clearance from CDRUG, it would be mandatory to upload the Label of Consignment on eSanchit and declare the IRN details in the Supp Docs Table of the Bill of Entry. The relevant document code is given below. Further, an undertaking as indicated below will also have to be declared mandatorily in the Statement Table of the Bill of Entry for all such CDRUG items. The undertaking is codified and only the statement type and statement code as given below need to be declared in the BE.

DOC CODE	DOC NAME	DOC DESC
0110DC	Label of Consignment	Label of Consignment to be uploaded in imports by the IEC Holder or Customs Broker under Drugs and Cosmetics Act, 1940.

STATEMENT TYPE	STATEMENT CODE	Actual Undertaking
UTG	DC007	*I/We the importer of this consignment undertake that the drug/cosmetic packages seal for this item is intact, the packaging is not damaged/broken/destroyed and the content of drug/cosmetic has not deteriorated.*

Based on representations received from trade and field formations on certain issues faced in complying with the above new requirements, Board has issued **ICES Advisory 04/2021 (Copy enclosed).** The following clarifications are provided in this regard:

1. **Uploading the mandatory document but not tagging with BE by way of amendment:** There are cases where issue is being faced by the importers at the time of OOC as System disallows the same unless all mandatory documents have been uploaded and are available with the BE. Instances have been noticed where importers have subsequently uploaded these documents but have not carried out the necessary amendment of the corresponding BE to include the new documents and their IRNs. It may kindly be noted that uploading on eSanchit to get IRN is only the first step. The IRNs must be quoted in the BE as well. If any document is being added after the filing of the BE, that too must be attached with the BE by way of a BE amendment. Amendment to add supporting docs to BE does not require any approval by officer and is only a one step process.

2. **Doc codes being given at BE master level instead of item level:** In many instances it is seen that either during filing or at the time of amendment, the document codes given in the supporting documents table are at master level, i.e., with Invoice Sl No and Item Sl No as 0 and 0. It is clarified again that the document codes for the mandatory doc codes enclosed with this advisory are to be given at item level, corresponding to the item(s) in the BE of the applicable tariff heading.

3. **Documents to be uploaded by PGAs:** It is clarified that certain documents from the enclosed list can only be uploaded on eSanchit by the respective PGA and hence may not appear in the doc code list on the importer's/CB's login on ICEGATE. Such documents along with the PGA details are enclosed in Annexure II. While the PGA has to upload these documents If an importer is registered on ICEGATE, the corresponding IRNs and other details will have to be included in the BE by the importer. If the importers are registered on ICEGATE, they would
receive a System generated email with the IRN details each time any PGA uploads a document on eSanchit mentioning their IEC as the beneficiary. Importers who are still not registered on ICEGATE may be advised to obtain Simplified Registration on ICEGATE immediately and approach the PGAs in case certificates/permits pertaining to them are not uploaded by them despite having registered on ICEGATE. Periodic review may be undertaken for cases (i) where IEC has not obtained simplified ICEGATE registration and accordingly they are not receiving IRN for their document, or (ii) IEC has taken simplified ICEGATE registration but still not getting IRN for their document (as PGA may not have uploaded the document in eSanchit).

4. **Exceptions where any mandatory document may not be required:** In some cases, an item even though bearing one of the enclosed CTHs may not require a particular mandatory license or permit. For example, certain doc codes issued by FSSAI and AQ may only be needed if the goods are of food grade or animal origin. For such items, an importer can instead declare the reasons for

not including a mandatory doc code in the Statement table of the BE. For all the items against which any of their corresponding mandatory doc code as annexed is not given included in the Supporting Documents table, the importer must declare the following in the Statement table of the BE:

Statement Type – REM
Statement Code – The doc code of the mandatory document not uploaded
Statement Text – Reasons why the mandatory doc code is not applicable on this item.

5. These reasons will be available for the assessing/examining officers to see and verify during the processing of BE and decide accordingly.

Directorate General of Systems and Data Management
CENTRAL BOARD OF INDIRECT TAXES & CUSTOMS
Dept. of Revenue, Ministry of Finance, Government of India

Date: Jan 26th, 2021

Advisory No: 04/2021
Category: Customs
Issued by: DGoS, ICES

Subject : Mandatory uploading of documents in e-Sanchit – Certain Clarifications

Kind reference is drawn to ICES Advisory 02/2020 dated 14.01.2020 on mandatory document requirements in terms of Board's Circular 55/2020 dated 17.12.2020.

2. Representations have been received from trade and field formations on certain issues faced in complying with the new requirements. Following clarifications are provided for the benefit of all concerned:

a. **Uploading the mandatory document but not tagging with BE by way of amendment**: There are cases where issue is being faced by the importers at the time of OOC as System disallows the same unless all mandatory documents have been uploaded and are available with the BE. Instances have been noticed where importers have subsequently uploaded these documents but have not carried out the necessary amendment of the corresponding BE to include the new documents and their IRNs. It may kindly be noted that uploading on eSanchit to get IRN is only the first step. The IRNs must be quoted in the BE as well. If any document is being added after the filing of the BE, that too must be attached with the BE by way of a BE amendment. Amendment to add supporting docs to BE does not require any approval by officer and is only a one step process.

b. **Doc codes being given at BE master level instead of item level:** In many instances it is seen that either during filing or at the time of amendment, the document codes given in the supporting documents table are at master level, i.e., with Invoice Sl No and Item Sl No as 0 and 0. It is clarified again that the document codes for the mandatory doc codes enclosed with this advisory are to be given at item level, corresponding to the item(s) in the BE of the applicable tariff heading.

c. **Documents to be uploaded by PGAs:** It is clarified that certain documents from the enclosed list can only be uploaded on eSanchit by the respective PGA and hence may not appear in the doc code list on the importer's/CB's login on ICEGATE. Such documents along with the PGA details are enclosed in Annexure II. While the PGA has to upload these documents If an importer is registered on ICEGATE, the corresponding IRNs and other details will have to be included in the BE by the importer. If the importers are registered on ICEGATE, they would

receive a System generated email with the IRN details each time any PGA uploads a document on eSanchit mentioning their IEC as the beneficiary. Importers who are still not registered on ICEGATE may be advised to obtain Simplified Registration on ICEGATE immediately and approach the PGAs in case certificates/permits pertaining to them are not uploaded by them despite having registered on ICEGATE. Periodic review may be undertaken for cases (i) where IEC has not obtained simplified ICEGATE registration and accordingly they are not receiving IRN for their document, or (ii) IEC has taken simplified ICEGATE registration but still not getting IRN for their document (as PGA may not have uploaded the document in eSanchit).

d. **Exceptions where any mandatory document may not be required:** In some cases, an item even though bearing one of the enclosed CTHs may not require a particular mandatory license or permit. For example, certain doc codes issued by FSSAI and AQ may only be needed if the goods are of food grade or animal origin. For such items, an importer can instead declare the reasons for not including a mandatory doc code in the Statement table of the BE. For all the items against which any of their corresponding mandatory doc code as annexed is not given included in the Supporting Documents table, the importer must declare the following in the Statement table of the BE:

Statement Type – REM
Statement Code – The doc code of the mandatory document not uploaded
Statement Text – Reasons why the mandatory doc code is not applicable on this item.

These reasons will be available for the assessing/examining officers to see and verify during the processing of BE and decide accordingly.

3. The list of mandatory doc codes has been revised and enclosed in **Annexure I.** The details of doc codes to be uploaded by PGAs are enclosed in **Annexure II.** Above clarifications along with the enclosed Annexures may kindly be wide publicity for the benefit of the Trade as well as the officers. Any difficulty in implementation or feedback should be informed at team.ices@icegate.gov.in

Deputy Director
